Remarks

This is a response to the office action mailed February 5, 2007. Claims 1-13

were filed in this application. The outstanding office rejects claims 1-13 under 35 U.S.C. §112,

second paragraph, as being indefinite for failing to particularly point out and distinctly claim

the subject matter which applicant regards as the invention. Claims 1 and 9 are rejected under

35 U.S.C. §102(e) as being anticipated by Wang and Claims 1-2, 6-8 and 10 are rejected under

35 U.S.C. §102(b) as being anticipated by Tsukamoto. Claims 1-2 and 7 are rejected under 35

U.S.C. §103(a) as being unpatentable over Kremer in view of Wang. By this amendment,

Applicant has sought to address the issues raised by the Examiner and it is believed to put the

case in condition for allowance consistent with the outstanding office action.

Claims 2 and 3 have been canceled and the limitations contained therein added

to claim 1.

Claim 4 has been rewritten in independent form. Claims 11-13 have been

canceled and the limitations contained therein added to claim 10. Dependent claims 14 and 15

are new.

It is respectfully submitted that the application, as amended, is in condition for

allowance. If the Examiner has remaining concerns regarding patentability, he is invited to

telephone the undersigned so that the matter can be promptly resolved and the case passed on

to issuance.
